TRUNK 'N TREAT!

Friday, October 12th

October Songs:

5 Little Pumpkins

Five little pumpkins sitting on a gate
The first one said, "My it's getting late!"
The second one said,
"There are witches in the air!"
The third one said, "But we don't care!"
The fourth one said, "Let's run! Let's run!"
The fifth one said, "Isn't fall fun?"
Then Woooooo went the wind
And out went the lights
And the five little pumpkins rolled out of sight!

The Squirrels!

The squirrels know that fall is here,
They gather nuts this time of year!

Thank you to all who have donated items

to our school! We appreciate your generosity!!!

The Importance of Play!

Research continues to show that young children learn best through meaningful play experiences. A child's pretend play in classrooms or at home is often considered fun and imaginative, but with limited educational value. Not true! While creating a restaurant together, clomping around in grown-up shoes, or acting out a favorite book, children are learning to problem solve, coordinate, cooperate, and think flexibly.

Through pretend play:

- Children learn about themselves and the world.
- Children work out confusing, scary, or new life issues.
- Children improve important complex social and higher order thinking skills.
- Children cultivate social and emotional intelligence.
- Children develop creativity and curiosity.
- Children combine their knowledge and skills.

As a parent or caregiver, you further encourage learning skills and child development as you engage your child to pretend! Play with your child..... you may learn something new about your child and you will have tons of fun!!!
